L1

STAINLESS STEEL AISI304

made in Italy

SEMPLICITÀ, PROPORZIONE, ACCIAIO

Linea morbida dell'acqua che contrasta con la forma rigorosa dell'acciaio, che si contrappone all'elemento di comando cilindrico. La materia dell'acciaio e la trasmissione della lucentezza sono inversamente proporzionali.

Soft water line which contrasts with the strict form of steel, which is opposite to the element of cylindrical command. The material of steel and the transmission of the glossiness are inversely proportional.

Linea de agua suave que contrasta la forma estricta de acero, que es contrarrestar el elemento de mando cilíndrico. La materia prima de acero y la transmisión del brillo son inversamente proporcionales.
